

African Water Association (AfWA)

THE LEADING ORGANIZATION IN CAPACITY BUILDING FOR THE WATER AND SANITATION OPERATORS IN AFRICA

Join over 150 members throughout 50 African and other countries! Our members supply drinking water to more than 450 million people, including 300 million in urban areas and 150 million in rural areas.

Additionally, our members supply sustainable sanitation services to more than 130 million people.

ABOUT AfWA

The African Water Association is a professional organization of companies, utilities and operators working in the water, sanitation and environment sectors in Africa. We develop programs and support knowledge sharing in sustainable water management through professional development, network management and advocacy.

BECOME AN AfWA MEMBER

- Benefit from a network of over two hundred member utilities and organizations throughout the African continent, a unique framework that connects you directly to the largest, African water and sanitation utilities through Scientific and Technical Councils as well as regular platforms such as our Congresses. .
- Join the AfWA exchange platform offering a partnership program among member companies to promote the sharing of best practices.
- Sign up for the African Water and Sanitation Academy and benefit from online and in-person trainings only available to AfWA members.
- Tap into the ever widening AfWA horizons through our growing networks in cooperation with other venues such as the International Water Association (IWA), the African Ministers' Council on Water (AMCOW), the World Water Council (WWC), and other networks where we share African expertise globally to enrich opportunities available for AfWA members. .
- Become a member of a reliable institution working with trusted, global partners to provide meaningful programs to AfWA members.
